What is Atoms & Bits?

Atoms & Bits is a 24-hour hackathon located in the Bay Area. At our event, 200 high school students gather together to spend 24 hours developing a startup project that solves a real world problem. Visit atomsbits.org for more information

Why become a sponsor?

We are excited to bring teams together, providing them an opportunity to gain feedback and encouragement from a group of distinguished mentors.

As a sponsor, you will be providing our young entrepreneurs with the opportunity to:

ENGAGE

with a community of like-minded peers that challenges their perspective and encourages creative problem solving

INNOVATE

within a team of peer co-founders who solve problems for real customers

EMPOWER

the next generation of the tech industry by pioneering a movement that allows passionate young people to change the world for the better.

Monetary sponsorships/donations

Meal contributions for our hundreds of attendees

Providing mentors and/or judges

Providing prizes, hardware, API access, and other technological services for attendees

Hosting a workshop about your company's specialty
